TANMAY PANDEY

Full Stack Developer | AI Engineer | Software Engineer

Bhopal, MP, India | +91 6266770991 | tpteck8952@gmail.com | linkedin.com/in/tanmay-pandey-125987348 | github.com/infinity1306

PROFESSIONAL SUMMARY

Full Stack Developer & Team Lead at Star Chain Labs with hands-on experience across scalable web architectures, local-LLM AI systems, and cybersecurity engineering. Combines production React/Next.js frontend design with robust Python/FastAPI microservices and secure data workflows. Pre-final year B.Tech in Computer Science Engineering (Cyber Security) with hackathon-winning architectures and team leadership across SaaS product lifecycles.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript, TypeScript, Rust, HTML5, CSS3
- **Frontend Engineering:** React.js, Next.js, Tailwind CSS, Vite, Shadcn/UI, Responsive Architecture, State Management
- **Backend Engineering:** Node.js, Express.js, FastAPI, REST API Development, Microservices Architecture
- **Databases & Storage:** MongoDB, MySQL, Firebase, SQLite, Supabase
- **AI & LLM Engineering:** Ollama, Gemini, Groq, LangChain, RAG, Local LLMs, Vector Search, Whisper, OCR, STT/TTS
- **Cybersecurity:** Kali Linux, Nmap, Wireshark, Burp Suite, Metasploit, OWASP Top 10, Vulnerability Assessment
- **DevOps & Tooling:** Git, GitHub, Docker, Linux, Nginx, NPM, Vercel, Playwright, n8n, VS Code

PROFESSIONAL EXPERIENCE

Star Chain Labs | *Full Stack Developer & Team Lead* | Jan 2026 – Present

- Lead engineering sprints and technical architecture for production SaaS platforms, driving end-to-end delivery across frontend interfaces and backend services.
- Architect modular, high-performance web applications using React.js, Next.js, TypeScript, and Vite, standardizing reusable UI components across CRM, lead management, and HR workflows.
- Design and optimize RESTful backend APIs and database schemas (MongoDB, MySQL), integrating real-time telemetry dashboards and operational pipelines.
- Coordinate cross-functional technical decisions, code reviews, and production deployments, ensuring adherence to OWASP security practices and clean architectural contracts.

Industry Training Programs: NESTA (Networking & AI Program — systems protocols & AI workflows) | SAGE Winter School (Cybersecurity & Kali Linux — reconnaissance & VAPT) | SAGE Summer School (Data Analytics — SQL & Power BI reporting)

FEATURED ENGINEERING PROJECTS

VANI – Voice Activated Neural Interface | *Python, FastAPI, React/Tauri, TypeScript, Rust, Ollama, Whisper, OCR*

- Architected an offline-first desktop AI assistant featuring local LLM inference, multilingual speech interaction (Whisper STT/TTS), and biometric voice authentication.
- Engineered modular agent routing, semantic memory knowledge graphs, and OCR document processing with asynchronous Python/FastAPI backends.

Santiria Samadhan – AI-Powered Citizen Grievance Platform | *React.js, Firebase, AI Verification Pipelines*

- Built a multi-tiered grievance platform with role-based access control for citizens, administrators, and field officers.
- Implemented automated verification incorporating duplicate issue detection, watermark inspection, and image integrity scoring. Awarded Hackathon Winner (₹25,000 Prize).

Aura AI – Engineering Intelligence Platform | *MERN Stack, LangChain, Vector Search, AST Analysis*

- Developed codebase comprehension system using vector embedding retrieval to automate codebase auditing, vulnerability detection, and developer workflows.

SkillMap & Smart URL Inspector | *FastAPI, OpenCV, EasyOCR, Python, Cybersecurity Analysis*

- Engineered CV-driven parsing automation with integrity verification, alongside a defensive security tool for real-time URL threat detection and certificate validation.

EDUCATION & HONORS

B.Tech in Computer Science Engineering (Cyber Security) | Sagar Institute of Research & Technology (SIRT), Bhopal (RGPV) | 2023 – 2027

- Academic Status: 7th Semester | CGPA: 7.04 / 10.0 (till 6th semester) | Class XII (CGBSE): 62% | Class X (CGBSE): 91%

- **Honors & Certifications:** Hackathon Winner (Santiria Samadhan — ₹25,000 Prize) | Selected: IDS Demo Day 2026 & Coding Premier League | Gemini Certified Student (Google for Education)
